## **102' DERECKTOR "EYEBALL"**

EYEBALL represents the technological sophistication that can be built into modern, luxury yachts. The Diana Yacht Design naval architecture and engineering encompasses the finest materials, fit, finish and machinery. Strikingly different on the outside, her interior, offering accommodations for 8 in 4 staterooms, is warm, traditional and reflects the owner's exquisite taste. With a shallow draft and jet propulsion, EYEBALL can cruise safely and swiftly in any waters of the world.
